## keeping residents informed and current on a 'city on the move'

Construction on **Halifax Health's** Deltona hospital project continues. A community open house with activities, food trucks and tours is planned for 11 a.m. to 2 p.m., Feb. 1. Opening of the 55,000 square-ft. medical office building is expected to be in March. Halifax Health will operate this hospital jointly with the **University of Florida Health-Shands**. This gives Deltona and other West Volusia residents greater access to clinical specialties and sub-specialties, a stronger continuum of care, more access to services, more advanced technology and increased access to clinical trials. Halifax is currently hiring for this project which is expected to include over 200 positions.

**AdventHealth** planned the grand opening of their 14,000 square feet, 12-bed hospital-based emergency department for Dec. 3. The ER is located at 3120 Howland Blvd. and will house imaging and laboratory services. The ER is expected to bring over 40 jobs.

Here's the City of Deltona's November credit statement from Moody's Investor Service: "Deltona's credit position is very high quality, and its 'Aa2' rating is slightly stronger than the median rating of 'Aa3' for cities nationwide. Notable credit factors include a very strong financial position, low debt burden, low pension liability, large tax base, and a slightly low wealth and income profile. Deltona has a very strong financial position, which is favorable with respect to its assigned rating of 'Aa2'. The city's cash balance as a percent of operating revenues (92.9 percent) is far superior to the U.S. median, and increased notably from 2014 to 2018. Furthermore, the city's fund balance as a percent of operating revenues (49 percent) is stronger than the U.S. median. The debt burden of Deltona is low and is favorable with respect to its assigned rating of Aa2. The net direct debt to full value (0.9 percent) is slightly favorable relative to that of other Moody's-rated cities nationwide."

In other Economic Development news: **Family Health Source** has leased a 25,000 square-ft portion of Deltona Plaza where they are expanding their clinic services. Completion is expected in December. This location will include 15 new medical jobs and is located within the City's Community Redevelopment Agency District. **McDonald's** is opening another restaurant at the intersection of Halifax Crossings and Howland Boulevard. This new location is expected to bring 80-100 jobs.

The reserve engine is used when another engine is out of service. Residents may, at any time, see this engine on Deltona's streets. The department accepts unit patches from military veterans for display on the interior of the cab and keeps a sign-in journal of all visitors to the engine.
